

Tubing for Air Sampling

Description	Applications	Diameter (inches)			Length
		ID	OD	Cat. No.	
Tygon	Sampling trains	$\frac{3}{16}$	$\frac{5}{16}$	225-1346	1 metre (3.3 ft)
Tygon	Sampling trains; fits over impinger sidearm and inlet, filter cassette outlet, or Luer adapter	$\frac{1}{4}$	$\frac{3}{8}$	225-13-4A 225-13-4 225-1345	1 metre (3.3 ft) 3 metre (10 ft) 15 metre (50 ft)
Tygon	For calibrating QuickTake pumps	$\frac{3}{8}$	$\frac{1}{2}$	225-1351 225-1352	3 metre (10 ft) 15 metre (50 ft)
Latex Rubber, black	Sampling trains	$\frac{3}{16}$	$\frac{5}{16}$	226-03-003	3.7 metre (12 ft)
Latex Rubber, black	Sampling trains; fits over impinger sidearm and inlet, filter cassette outlet, or Luer adapter	$\frac{1}{4}$	$\frac{3}{8}$	226-03-004	3.7 metre (12 ft)
Latex Rubber, amber	Sampling trains; fits over impinger sidearm and inlet, filter cassette outlet, or Luer adapter	$\frac{1}{4}$	$\frac{3}{8}$	225-1347	3 metre (10 ft)
Polyurethane, reinforced to prevent kinking	Sampling trains; fits over impinger sidearm and inlet, filter cassette outlet, or Luer adapter	$\frac{1}{4}$	$\frac{15}{32}$	225-1350	3 metre (10 ft)
Teflon†	Inert for bag sampling; fits over bag fitting	$\frac{3}{16}$	$\frac{1}{4}$	231-9-23†	3 metre (10 ft)
Teflon†	Inert for bag sampling; fits inside bag fitting	$\frac{1}{16}$	$\frac{1}{8}$	231-9-21†	3 metre (10 ft)
Teflon†	Inert for bag sampling; fits Vac-U-Chamber sample inlet	$\frac{1}{4}$	$\frac{5}{16}$	231-937† 231-924†	3 metre (10 ft) 15 metre (50 ft)

† Teflon is not suitable for particulate sampling because static effect can cause sample loss in the tubing.

Tubing Accessories	Cat. No.	Qty.
PVC Adapters, Luer taper connects to $\frac{1}{4}$ -in ID tubing	225-13-2	10
	225-132A	250
Spring Tubing Support, for use with $\frac{5}{16}$ -in OD tubing to prevent kinking	225-1348	5

Cases

5-pack Pump Kit Carry Cases	Cat. No.
Durable plastic for Pocket Pump or 222/Workhorse, lightweight, black, with foam insert	222-93
Pelican, for AirChek 2000, AirChek 52/Sidekick, XR5000, or AirLite	224-907
Pelican, for Universal Pumps	224-908
Pelican, for Pocket Pump or 222/Workhorse	224-909
Durable plastic, for AirChek 2000, AirChek 52/Sidekick, XR5000, Universal, or AirLite	224-97
Single Pump Kit Carry Cases	
Pelican (shown below)	224-901
Durable plastic, lightweight, black, with foam insert	222-98
Nylon with shoulder strap (shown below)	224-903
Protective Pump Pouches for personal sampling, designed for personal comfort with belt, adjustable waist, and shoulder strap	
Universal	
Black	224-87
High-profile Red (shown at left)	224-95A
AirChek 2000, AirChek XR5000‡, or Sidekick/AirChek 52	
Black	224-88
High-profile Red (shown at left)	224-96A
Noise reducing, black (shown at left), reduces noise level from 62.5 dBA to 55 dBA*	224-96C
AirLite	
Black, with belt loop (no shoulder or waist strap)	224-902
Waist Belt	224-12

* AirChek 52 pump running at 2 L/min with 37-mm, 0.8 µm MCE cassette measured at 1 metre

‡ High-power Li-Ion and alkaline battery models only

Tool Kit

Includes scissors, pliers, file, 2 slot-ted screwdrivers, 2 Phillips screwdrivers, forceps, and charcoal pick

Cat. No. 376-01-01

Protective and noise-reducing pump pouches (Cat. Nos. 224-95A, 224-96A, and 224-96C)

Soft-side nylon case
Cat. No. 224-903

Hard-sided Pelican case
Cat. No. 224-901
